The following amendments are being made in other condition (58 no.) of tender document :-		
Sl. No. of condition	Earlier	As amended
58 (page no 70)	The water in downstream of Dam from spillway can be released in case of exigency during the progress of work. The agency has to make all necessary arrangement for protecting the work area in such case and its dewatering is required to be done again, that shall not be payable to contractor. If any damages happen due to the said incident nothing shall be paid extra and same shall be have to be repaired by contractor at his own cost.	The water in downstream of Dam from spillway can be released in case of exigency during the progress of work. The agency has to make all necessary arrangement for protecting the work area in such case and its dewatering is required to be done again, that shall not be payable to contractor. If any damages happen due to the said incident nothing shall be paid extra and same shall be have to be repaired by contractor at his own cost. However, dewatering shall be paid if water is released from Ichari Dam due to grid failure or sudden tripping of machines of Chibro Power House.
