Clarification

For execution of “Balance Civil Works for Construction of 204 m High Concrete Gravity Dam including Diversion Works, Intake, Pressure Shafts, Collection Chamber, Underground Power House and Tail race Tunnel and other appurtenant works of Lakhwar Multipurpose Project in District Dehradun (Uttarakhand)”

Sl no	Clarification sought by Applicants	UJVNL comments/reply
1	We have purchased the PQ document in our Sole Name and we would be participating as a Joint Venture with a leading International Company as our Joint Venture Leader. We understand that the documents purchased in our Sole Name would be sufficient for applying and that there is no need to buy one more set of PQ document in the name of Joint Venture.	Yes, by any of the Joint Venture partner
2	We would be jointly signing the prescribed Application Letter and the form for Legal Capacity (Form-8). Hence there should be no need to give Power of Attorney in favour of the Joint Venture Leader.	As per clause 4.2 & 15.1 Section I Instruction to Applicants Please refer footnote to Application Submission Form given in section-IV
3	We presume that Power of Attorney for individual Partner Companies’ signatories can be issued as per Form-9, Please Confirm	Yes, to be submitted by individual Joint Venture partner
4	While issuing the DPR Drawings, Construction Materials Survey Report, etc you have mentioned that “It is also to bring in your kind notice that the revised PQ document which is being issued to you would be required to be submitted by you along with the application”. Can we Submit a copy of the incoming PQ document (issued by you), signed by only us or we are required to submit the original PQ document, signed by Joint Venture Leader/Jointly by applicant only	The original PQ document is to be submitted duly signed by both Joint Venture partners
5	Bid Capacity: The Bid Capacity is calculated on the basis of highest turnover during the last 5 years. As per Form 3.3 for Bid Capacity, it mentions 2 tables, one for works Completed and the other for works in Hand. We presume that only Works-in-hand table needs to be filled in.	Both tables are required to be filled up
