Sub: Instructions for proper functioning of DMS Module

As DMS Module is live and used in UJVNL from 11-10 2018. But officers/officials are facing some problem in working with this module specially while typing or forwarding document in Hindi font. Here are the instructions for proper functioning:

1. Matter should be typed in text editor of DMS modules only and should not be copy /paste from any external software applications.

2. Four types of font are required to be installed on the PC/Laptop before starting Hindi letters in DMS.Four fonts are:
   A:K010
   B: K021
   C: K100
   D: dvdivyan

3. The font need to be selected in text editor of DMS.

   All the four type of fonts are available on UJVNL Website (www.UJVNL.com) and can be downloaded and installed on PC/Laptop by double clicking on it or either Right Click on font and select Install.
