UJVN LIMITED

Notes to Financial Statement

Note No.1: General information

UJVN Limited is a state public sector undertaking fully owned by Government of Uttarakhand (GoU) set up to establish takeover, operate and maintain power generating stations harnessing the conventional, non-conventional, nuclear and other sources of energy by what so ever name called. It was incorporated in the year 2001. There is no subsidiary to UJVNL and no joint venture operation is in the place as of now. Total installed capacity of UJVNL is 1318.46 MW UJVNL has 16 hydropower plants ranging in the capacity from 1.5 MW to 304 MW located at state of Uttarakhand only and 6 Solar power plants of generating Capacity of 26.36 MW. Corporate office of UJVNL is located at Dehradun.

Note No.2: First time adoption of Indian Accounting Standards (Ind-AS)

The company had adopted Ind-AS w.e.f. April 01, 2016 with a transition date of April 01, 2015 in accordance with notification dated February 16, 2015 issued by Ministry of Corporate Affairs, Government of India.

Note No.3:-Significant Accounting Policies

(i) Statement of Compliance and basis of preparation of Financial Statements

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind-AS) as notified by Ministry of Corporate Affairs, Government of India vide Notification dated February 16, 2015. Accounting policies have been applied consistently to all periods presented in these financial statements. The Financial Statements are prepared on going concern basis under historical cost convention from the books of accounts maintained under accrual basis except for certain financial instruments which are measured at fair value and in accordance with the Indian Accounting Standards prescribed under the Companies Act, 2013.

(ii) Use of estimates and judgment

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the related disclosures including contingent assets and liabilities, at the end of the reporting period. Although these estimates are based on the management's best judgement assessment of current events and actions,

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

(iii) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), the national currency of India, which is the functional currency of the Company. All amounts are rounded off to the nearest crores (up to two decimals), except as stated otherwise.

(iv) Property, Plant and Equipment's (PPE)

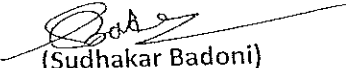

The cost of an item of property, plant and equipment is recognized as an asset if, and only if it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The cost of an item of PPE is the cash price equivalent at the recognition date. The cost of an item of PPE comprises:-

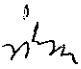

- Purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.
- Costs directly attributable to bringing the PPE to the location and condition necessary for it to be capable of operating in the manner intended by management.
- In case where final settlement of bills with contractors is pending, but the assets is completed and available for operating in the manner intended by management, capitalization is done on estimated basis subject to necessary adjustments in the year of final settlement.

Expenditure incurred on Renovation and Modernization of PPE on completion of the originally estimated useful life of the power station resulting in increased life and/or efficiency of an existing asset, is added to the cost of the related asset. PPE acquired as replacement of the existing assets/ component are capitalized and its corresponding replaced assets/ component removed/ retired from active use are derecognized.

Spares parts procured along with the Plant & Machinery or subsequently which meets the recognition criteria are capitalized and added in the carrying amount of such item. The carrying amount of those spare parts that are replaced is derecognized when no future economic benefits are expected from their use or upon disposal. Other machinery spares are treated as "stores & spares" forming part of the inventory.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

Standby equipment and serving equipment which meet the recognition criteria of Property, Plant and Equipment's (PPE) are capitalized

An item of Property, Plant and Equipment's (PPE) is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of items of PPE are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

The company has chosen the cost (historical cost) model of recognition and this model is applied to an entire class of PPE. After recognition as an asset, an item of PPE is carried at its cost less any accumulated depreciation and any accumulated impairment losses.

Payment made /liabilities created provisionally towards compensation, rehabilitation & resettlement and other expenses including expenditure on Environment Management Plans relating to Land in possession are treated as cost of land.

Assets over which the company has control, though created on land not belonging to the company are included under Property, Plant and Equipment's (PPE).

The Transfer Scheme between UPJVNL and UJVNL has generally been agreed by both the companies except otherwise stated. The opening balances as per the agreed Transfer Scheme have been booked by UJVNL in the accounts accordingly.

(v) Capital work in progress (CWIP)

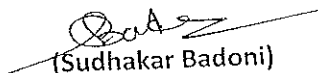

Expenditure incurred on assets under construction (including a project) is carried at cost under Capital work in Progress. Such costs comprises purchase price of asset including import duties and non-refundable taxes after deducting trade discounts and rebates and costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

The Indirect expenditure being incurred during construction period at divisions are accumulated under CWIP till the completion of the projects and allocated to Fixed Assets on completion of the same.

In case a project under construction remains in abeyance by the order of appropriate authority/ by injunction of court order, any expenditure incurred on such projects is debited to statement of profit & loss from the date of such order till the period project is kept in abeyance by such order/ injunction.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

(vi) Depreciation and Amortization

Depreciation on Fixed Assets of Large and Small Hydro projects including transferred from UPJVNL has been charged on pro-rata basis from the date on which the assets is available for use as per rates and methodology as notified by Uttarakhand Electricity Regulatory Commission (UERC) vide tariff regulation on Straight line method.

No depreciation is charged on fixed assets of the damaged projects.

Leasehold Land is amortized as per rates and methodology notified by UERC.

Temporary erections are depreciated fully (100%) in the year of acquisition/Capitalization by retaining at Rs.1 as WDV.

Assets valuing Rs.5000/- or less but more than Rs.750/- are fully depreciated during the year in which assets is made available for use with Rs.1/- as WDV.

Low value items which are in the nature of assets (excluding Immovable assets) and valuing Rs.750/- are not capitalized and charged off to revenue accounts in the year of use.

(vii) Government Grant

Government grants are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. These grants are classified as capital/revenue according to their nature.

Grants relating to depreciable assets are initially recognized as deferred income and subsequently recognized in the statement of profit and loss on a systematic basis over the useful life of the asset generally in the same proportion in which depreciation is charged on the depreciable assets acquired out of such Grant .

Grants in the form of revenue grant are recognized as income on a systematic basis over the periods over which the related costs are incurred on the basis of expenditure for particular purpose.

(viii) Intangible Assets

Identifiable intangible assets are recognized when the company controls the asset; it is probable that future economic benefits expected with the respective assets will flow to the company for more than one economic period; and the cost of the asset can be measured reliably.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

v

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets are amortized on a straight line basis over the estimated useful economic life.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern. Such changes are accounted for in accordance with Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

(ix) Impairment

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalue amount, in which case the impairment loss is treated as a revaluation decrease.

Recoverable amount is the higher of fair value less costs of disposal or value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

(x) Financial instruments

Non-derivative financial instruments consist of:

(i) Financial Assets

Financial assets, which include cash and cash equivalents, trade receivables and other eligible current and non-current assets;

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

- (ii) Financial liabilities
Financial liabilities at amortised cost represented by borrowings and other eligible current and non-current liabilities.

Non derivative financial instruments are recognized initially at fair value including any directly attributable transaction costs.

Subsequent to initial recognition, non—derivative financial instruments are measured at amortised cost using the effective interest method.

A financial asset shall be measured at amortised cost if both of the following conditions are met:

- (a) the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- (b) the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

They are presented as current assets, except for those maturing later than 12 months after the reporting date which are presented as non-current assets.

Impairment of financial assets

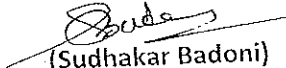

Financial assets, other than those at Fair Value through Profit and Loss (FVTPL), are assessed for indicators of impairment at the end of each reporting period. Financial assets are considered to be impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected, or a significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of impairment.

For all other financial assets, objective evidence of impairment could include:

- Significant financial difficulty of the issuer or counterparty;
- Breach of contract, such as a default or delinquency in interest or principal payments;
- It becoming probable that the borrower will enter bankruptcy or financial re-organisation; or the disappearance of an active market for that financial asset because of financial difficulties.

For certain categories of financial assets, such as trade receivables, assets are assessed for impairment on individual basis. Objective evidence of impairment for a portfolio of receivables could include company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of zero days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

For financial assets that are carried at cost, the amount of impairment loss is measured as the difference between the asset's carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables; such impairment loss is reduced through the use of an allowance account for respective financial asset. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are credited against the allowance account. Changes in the carrying amount of the allowance account are recognized in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, the previously recognized impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not been recognized.

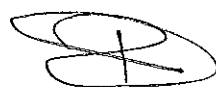

De-recognition of financial assets

The Company de-recognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, The company recognizes its retained interest in the asset and an associated liability for amounts it may have to pay. If the company retains substantially all the risks and rewards of ownership of a transferred financial asset, the company continues to recognize the financial asset and also recognizes a collateralised borrowing for the proceeds received.

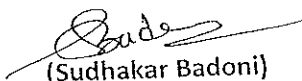

De-recognition of financial liability

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expire. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

On de-recognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

✓

11

(xi) Leases

Lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. Finance leases are capitalized at the commencement of the lease. At the inception date leased property is recognized lower of fair value of the leased property or, if lower, at the present value of the minimum lease payments.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases are charged to Statement of Profit and Loss over the period of lease.

(xii) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

All other borrowing costs are expensed in the period they occur.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

(xiii) Inventories

Inventories mainly comprise stores and spare parts, construction material and other consumables held for internal use are valued at costs.

(xiv) Revenue recognition

Sale of energy to UPCL and HPSEB is accounted for on accrual basis as per tariff notified by Uttarakhand Electricity Regulatory Commission (UERC). For other consumers tariff notified by UERC for UPCL is taken. Recovery towards income tax from beneficiaries is accounted for as reimbursement on year to year basis.

Revenue is measured at fair value of the consideration received or receivable.

Value of waste and scrap is accounted for on actual realization basis.

Advance against depreciation considered as deferred income in earlier years, is included in sales as per UERC.

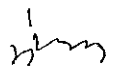

Interest / surcharge from customers on delayed payment of electricity bills are recognized on actual realization basis.

Interest Income

Interest income (other than interest / surcharge from customers) from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition, included under the head "other income" in the statement of profit and loss.

(xv) Retirement and other employee benefits

For Employee covered under General Provident Fund:

- a) Government of Uttarakhand had taken over the liabilities for Gratuity and Pension w.e.f. March, 2004 against payment of 19.08% of the Basic Salary, Grade Pay and Dearness Allowance and the same has been accounted for on accrual basis.

For Employee covered under Employees Provident Fund and Miscellaneous Provision Act, 1952:

- a) Gratuity in respect of employees covered under Employees Provident Fund and Miscellaneous Provision Act, 1952 have been accounted for on actuarial valuation basis. The said valuation is based on projected unit credit method.

Encashment of Leave and Medical Leave is accounted for on the basis of actuarial valuation.

(xvi) Income taxes

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit or loss and other comprehensive income/statement of profit or loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

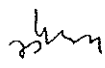

Income Tax is a pass-through to beneficiaries as reimbursement to the extent relatable to core activity i.e. Generation of Electricity.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singh)
Managing Director
(DIN 06615837)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax recovery adjustment account is credited/ debited to the extent tax expenses is chargeable from the beneficiaries in future years on actual payment basis.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

(xvii) Earnings per Share

- A basic earnings per equity is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period.
- Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

(xviii) Provisions

A provision is recognized when the company has a present obligation (Legal or Constructive) as a result of past event, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

(xix) Contingent liabilities

Contingent liabilities are not recognized but disclosed in Notes to the Accounts when the company has possible obligation due to past events and existence of the obligation depends upon occurrence or non-occurrence of future events not wholly within the control of the company.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

N

Contingent liabilities are assessed continuously to determine whether outflow of economic resources have become probable. If the outflow becomes probable then relative provision is recognized in the financial statements.

(xx) Contingent Assets

Contingent Assets are not recognized in the financial statements. Such contingent assets are assessed continuously and are disclosed in Notes when the inflow of economic benefits becomes probable. If it's virtually certain that inflow of economic benefits will arise then such assets and the relative income will be recognized in the financial statements.

(xxi) Insurance Claims

Insurance Claim are recognized as an income in the year of certainty of realization.

(xxii) Current versus non-current classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

a) An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in the normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

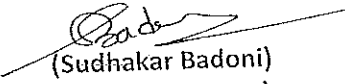

b) A liability is current when:

- It is expected to be settled in the normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

b) Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Company Secretary

(Sudhakar Badoni)
Director (Finance)
(DIN 08511575)

(Sandeep Singhal)
Managing Director
(DIN 06615837)

v

(xxiii) Dividend

Dividends and interim dividends payable to the Company's shareholders are recognized as change in equity in the period in which they are approved by the Company's shareholders and the Board of Directors respectively.

(xxiv) Generation

Own consumption of power on account of Power House, Streetlight, Utilities, Office Premises, Clubs, inspection Houses owned by Nigam is treated as own consumption and is reduced from generation.

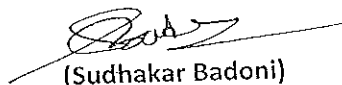

(xxv) Segment Reporting

Electricity generation is the principal business activity of the company. This includes hydro as well as solar energy projects.

The company is having a single geographical segment as all its Power Stations are located within India. The company does not have any power plant outside India.

(Biswadipta Dasgupta)
Company Secretary

Total Financial Liability	2,287.56	2,287.56	1,992.57	1,992.57	1,623.02	1,623.02

* Explanation to fair value measurement
The carrying amounts of trade receivables, cash and cash equivalents, borrowings are considered to be the same as their fair values, due to their short-term nature.

The fair value of security deposit received were calculated based on cash flow discounted using a weighted average cost of borrowings.
It is assume that all the security of non current nature are repayable after one year from the expiry of contract.

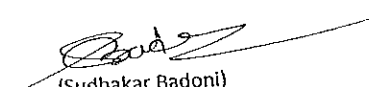

34.4 Financial risk management

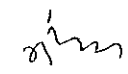

Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk- Interest rate	Long term borrowings at variable rate of interest	Sensitivity analysis	Management has taken its borrowings at competitive interest rate in INR with one year or three year reset period to avoid long term risk arising from interest rate.
Credit risk	Cash and cash equivalent, trade receivables, financial instruments.	Ageing analysis Credit rating	Majority of receivable are on account of government undertaking They are unsecured but considered good.
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Maintaining adequate cash and cash equivalent

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
DIN No. 08511575

(Sandeep Singhal)
Managing Director
DIN No. 06615837

a) Market Risk

Interest rate risk

The company's main interest rate risk arises from long term borrowings with variable rates, which expose the company to cash flow interest rate risk. During March 31, 2019 and March 31, 2018, Company's borrowings are denominated in INR currency.

The exposure of company's borrowings to interest rate changes at the end of reporting period are as follows:
(Amount in Crores)

Particulars	March 31, 2020	March 31, 2019	April 1, 2018
Variable rate borrowings	1,402.25	1,221.84	1,056.26
Fixed rate borrowings	219.60	180.70	125.61
Total borrowings	1,621.85	1,402.54	1,181.87

*The above table does not include loan from GOU for ADB funded projects (March,31,2020:-INR 128.85 Crores, March,31,2019:-INR 128.85 Crores, March,31,2018:-INR 128.85 Crores), World Bank funded project (March,31,2020:-INR 109.77 Crores, March,31,2019:-INR 97.59 Crores, March,31,2018:-INR 39.45 Crores) and MB-II (March,31,2020:-INR 2.21 Crores, March,31,2019:-INR 2.21 Crores, March,31,2018:-INR 2.21 Crores) pending terms & conditions.

Sensitivity

Profit or loss is sensitive to higher/lower expense from borrowings as a result of change in interest rates. The table summarises the impact of increase/decrease in interest rates on Profit or loss.

Particulars	Impact on profit after tax (Amount in Crores)	
	31-Mar-20	31-Mar-19
Interest rates- increase by 50 Bsc Pts	(4.58)	(3.99)
Interest rates- decrease by 50 Bsc Pts	4.58	3.99

* The above table covers variable rate borrowing taken for capital assets whose interest is charged to profit or loss

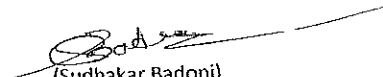

b) Credit Risk

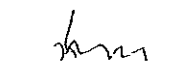

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables and unbilled revenue. Accordingly, credit risk from trade receivables has been separately evaluated from all other financial assets in the following paragraphs.

Trade Receivables & Unbilled Revenue

The company has outstanding trade receivables amounting to Rs.781.65 Crores, Rs.624.14 Crores (March 31, 2019) and Rs.587.94 Crores as at (April 1, 2018) and unbilled revenue amounting to Rs.27.46 Crores, Rs.4.60 Crores (March 31, 2019) and Rs.23.78 Crores as at (April 1, 2018). Trade receivables and unbilled revenue are typically unsecured and are derived from revenue earned from customers.

(Biswadip Dasgupta)
Company Secretary

(Sudhakar Badoni)
Director (Finance)
DIN No. 08511575

(Sandeep Singhal)
Managing Director
DIN No. 06615837

Credit risk exposure

An analysis of age of trade receivables at each reporting date is summarized as follows:

(Amount in Crores)

Particulars	31-Mar-20		31-Mar-19		01-Apr-18	
	Gross Amount	Impairment	Gross Amount	Impairment	Gross Amount	Impairment
Not due	113.94	-	88.90	-	100.91	-
Past due less than six months	108.75	-	48.20	-	20.82	-
Past due more than six months but not more than one year	96.17	-	49.17	-	47.27	-
Past due more than one year but not more than three year	122.11	-	103.17	-	30.74	-
More than three year	340.68	-	334.70	-	388.20	-
Total	781.65	-	624.14	-	587.94	-

Trade receivables are impaired when recoverability is considered doubtful based on the recovery analysis performed by the company for individual trade receivables. The company considers that all the above financial assets that are not impaired and past due for each reporting dates under review are of good credit quality.

The company does not hold any collateral or other enhancements to cover its credit risks associated with its financial assets.

Other financial assets

Credit risk relating to cash and cash equivalents is considered negligible because our counterparties are banks. We consider the credit quality of term deposits with such banks that are majority owned by the Government of India and subject to the regulatory oversight of the Reserve Bank of India to be good, and we review these banking relationships on an ongoing basis. There are no impairment provisions as at each reporting date against these financial assets. We consider all the above financial assets as at the reporting dates to be of good credit quality.

c) Liquidity Risk

The company's principal sources of liquidity are cash and cash equivalents, cash generated from operations.

We manage our liquidity needs by continuously monitoring cash inflows and by maintaining adequate cash and cash equivalents. Net cash requirements are compared to available cash in order to determine any shortfalls.

Short term liquidity requirements consists mainly of sundry creditors, expense payable, other payable arising during the normal course of business as of each reporting date. We maintain a sufficient balance in cash and cash equivalents to meet our short term liquidity requirements.

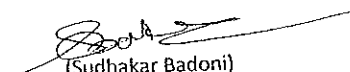

We assess long term liquidity requirements on a periodical basis and manage them through internal accruals.

The table below provides details regarding the contractual maturities of non-derivative financial liabilities. The table have been drawn up based on the undiscovered cash flows of financial liabilities based on the earliest date on which the company can be required to pay. The table includes both principal & interest cash flows.

(Amount in Crores) (As of March 31, 2020)

Particulars	Less than 6 months	6 months to 1 year	1-3 years	3-5 years	More than 5 years	Total
Sundry Creditor	6.51	-	-	-	-	6.51

**Other financial liability figures excludes current maturity of long term borrowings.

Capital Management

A. Risk Management:

The Company's objectives when managing capital are to:

1. Safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits to other stakeholders, and
2. Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

The company monitors capital using gearing ratio, which is net debt divided by total capital plus debt.

(In Crores)

Note No.37 :- Disclosure in respect of Indian Accounting standard (Ind AS)-108: "Operating Segments"
Based on the "management approach" as defined in Ind AS 108, the Chief Operating Decision Maker (CODM) evaluates the performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented for each business segment. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual business segment, and are as set out in the significant accounting policies.

37.1 Entity-Wide Disclosures

1. Information about major customers (Refer Para 34 of Ind AS 108)

Customer Name	Segment 1	
	Year ended March 31, 2020	Year ended March 31, 2019
Customer - 1	864.40	709.33

- If revenues from transactions with a single external customer amount to 10 per cent or more of an entity's revenues, the entity shall disclose that fact, the total amount of revenues from each such customer, and the identity of the segment or segments reporting the revenues. The entity need not disclose the identity of a major customer or the amount of revenues that each segment reports from that customer.

- For the purposes of this Ind AS, a company of entities known to a reporting entity to be under common control shall be considered a single customer.

37.2. Geographical Information (Refer Para 33 (a), (b) of Ind AS 108)

Revenue from external customers by location of operations and information about its non current assets* by location of assets are as follow

Particulars	Revenue from external customers		Non current Assets*	
	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019
India	923.43	755.12	4,070.16	3,587.17
Attributed to all foreign countries	-	-	-	-
Total	923.43	755.12	4,070.16	3,587.17

*Non-current assets for this purpose consist of property, plant and equipment.

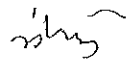

37.3. Revenue from major products

Revenue from external customers for each product and service are as follow:-

Particulars	(Amount in Rs.)	
	March 31, 2020	March 31, 2019
Hydro Power Energy	895.47	731.25
Solar Energy	27.96	23.87

UJVN LIMITED

Notes to Accounts for the year ended 31st March 2020

45. Explanatory Statement UJVNL

1. Opening Balances as on 9/11/2001

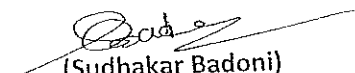

i) The company was incorporated on 12/2/2001 by Uttarakhand Government for managing and undertaking hydropower projects in the State of Uttarakhand. Central Government vide its order dated 5/11/2001 transferred all hydro power plants located in the State of Uttarakhand to Uttarakhand Jal Vidyut Nigam. The company took the financial & administrative control of the plants immediately with effect from 9-11-2001.

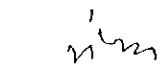

In absence of any final transfer scheme, Nigam had derived the figures of the balances as on 9.11.01 on the basis of information available and carried the same in its Balance Sheet to complete its accounts. The figures of opening balances as agreed between UJVNL and UPJVNL, have been substituted in place of the provisional opening balances as stated above except as stated otherwise and difference between the assets and liabilities emerging therefrom have been adjusted under "Capital Reserve Account".

The details of such agreed opening balances as on 9-11-2001 as considered in Balance Sheet are as follows:-

Particulars	Amount in Rs.	
Fixed Assets & CWIP		
Gross Fixed Assets (LHP & HO)	5,28,59,20,731

Total Liabilities		4,58,05,41,046

ii) Central Government vide its order No.SO 1228 dated 2.09.2005 has allocated the part liability of Rs.352.59 Crores of LIC Loan taken for MB-II HEP by the erstwhile UPSEB to Govt. of Uttarakhand (GOU). Since such allocation of the above referred LIC loan is allocated to State of Uttarakhand and not to UJVNL, the amount of loan has not been accounted for in the books of accounts. This has also been communicated to Life Insurance Corporation vide letter No. 7714/UJVNL/LIC Loan dated 12-12-2013, letter No. 5757/UJVNL/MD/LIC Loan dated 13-06-2014, letter No. 8757/UJVNL/MD/LIC dated 14-10-2014, letter No. 152/UJVNL/01/MD/LIC dated 27-01-2015, letter No. 2912/UJVNL/01/MD/LIC dated 26-05-2015, letter No. 4809/UJVNL/01/MD/LIC dated 24-08-2015, 2793/UJVNL/MD/LIC dated 28-7-2017 and Letter No.1441/UJVNL/MD/LIC Loan dated 29-10-2017 and to Govt. of Uttarkhand (GoU) vide Letter No.4024/UJVNL/PN/SHASHAN-6/LIC LOAN dated 05-05-2014 that LIC loan liability does not pertain to the Nigam.

Further GoU in its various review meeting with GoUP has communicated that allocation of LIC loan liability to GoU by Gol is not in accordance with the provisions of UP Reorganization Act and Central Govt. order dated 5-11-2001. In the latest review meeting held on 28-6-2018 at Lucknow, between Chief Secretaries of Both States, it was agreed that this matter would be referred to Central Government in light of Section 42(4) of UP reorganization Act. Hon'ble Chief Minister of Uttarkhand also wrote to Ministry of Energy of Govt. of India vide letter No.437/I/2019-04 (03)/20/2003 dated 1-4-2019 to reconsider the allocation of LIC loan liability to the State of Uttarkhand in light of Section 42(4) of UP Reorganization Act.

(Sandeep Singhal)
Managing Director
(DIN 06615837)

LIC loan of Rs.437.80 crores was taken by erstwhile UPSEB and transferred to Uttar Pradesh Jal Vidyut Nigam Ltd. (UPJVNL) vide the Govt. of Uttar Pradesh notification dated 25/1/2001. UJVNL in accordance to GOI 5-11-2001, has considered provisionally 10 % of LIC loan of Rs.437.80 crores i.e. Rs.43.78 crores in its books of accounts up to the previous year 2017-18. Since the LIC loan liability does not pertain to nigam, in the financial year 2018-19, the Nigam has decided to derecognize the provisional LIC loan liability of Rs.43.78 crores along with interest thereon amounting to Rs.198.68 crores provided till 31-3-2018 and effected in its books of accounts of the corresponding financial years 2017-18 and 2018-19 in compliance to Ind-AS.

iii) It was agreed in the Chief Secretary level meeting of Uttar Pradesh and Uttarakhand held on 17.8.2019 that Rs. 162.14 Crore is payable by UPPCL to UPCL which includes Rs. 42.64 Crore on account of principle amount of GPF of UJVNL as on 9.11.2001 and UPPCL to pay Rs. 1.56 crore to UPCL after adjustment of Rs. 160.58 Crore for revenue dues. Therefore, Rs. 42.64 Crore is booked as GPF liability recoverable from UPCL under Other Financial Assets.

iv) The Transfer Scheme for transfer of balances of assets & liabilities though agreed in general by UJVNL and UPJVNL has not yet finalized. The differences, if any, between opening balances so incorporated and final opening balances as per final Scheme of Transfer will be accounted for in the year the Final Transfer Scheme as approved by the Government.

2. Interest @ 13% p.a. provided on State Government Loan provisionally acquired from Uttar Pradesh Jal-Vidyut Nigam Ltd. (UPJVNL).
3. Interest has been provided on Employees GPF Trust Liability as certified by GPF trust-UJVNL.
4. Amount Recoverable from Uttarakhand Renewable Energy Development Agency (UREDA)

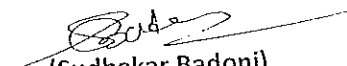

During the financial year 2013-14 and 2014-15, 21 Small Hydro Projects (SHPs) and 3 distribution lines were handed over to Uttarakhand Renewable Energy Development Agency (UREDA) as per the directives of Govt. of Uttarakhand and approval of the board of the Nigam in its 66th board meeting held on 12.03.2013 vide agenda item no. 66.35. The total amount recoverable from UREDA on account of aforesaid transfer as on 31.03.2020 is Rs. 29,66,13,756/- (Rupees Twenty nine crores sixty six lakhs thirteen thousand seven hundred fifty six only).

5. Non-recovery of electricity charges billed to UP Irrigation department

Amount of trade receivables includes Rs. 10.23 crores as electricity bills against Uttar Pradesh Irrigation Department (UPID), Kalagarh were raised by erstwhile UPSEB and thereafter by UJVNL till March'2012 (afterwards the distribution network has been handed over to UPCL) but no payments of such bills have been made by UPID, Kalagarh so far. UPID is acknowledging the claims raised by UJVNL and they have also repeatedly asked for adjustment of the said claims against their

(DIN 06615837)

W

provisional bills raised towards distribution of expenditure on account of maintenance of Ramganga Project. Non-realization of aforesaid amount is due to such counter claims initiated by UPID which were neither acknowledged nor paid by erstwhile UPSEB or by UJVNL. Since the claims raised by UJVNL are acknowledged by UPID i.e. a govt. agency; the electricity charges billed are being classified and carried forward as "Sundry Debtor considered good".

6. Centage Charges payable to Irrigation department

Govt. of Uttarakhand (GOU) has given the approval of the payment of actual expenditure of Rs. 60.28 as centage charges for the works carried out by Irrigation Department relating to Maneri Bhali -II project. (MB-II project commissioned in FY 2007-08). The aforesaid centage charges were never part of the Memorandum of Understanding between UJVNL and Uttarakhand Irrigation Department (UID) for construction of MB-II project and the same had neither been taken in the project cost of MB-II nor has the Nigam provided the cost in any of its budget. In view of above Nigam has not provided for the liability in its books of accounts. Further, the Nigam has requested GOU to provide the amount of Rs. 60.28 crore vide letter no. 744/MD/UJVNL/MB-II dated 23.08.2011 and Letter No.867/UJVNL/01/MD/MB-II dated 26-7-2018 but it has not been provided to UJVNL for onward payment to UID till date.

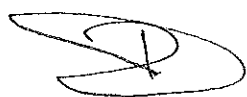

7. As per letter no.03/I(2)/2010-04(8)/52/2008 of Additional Secretary, Govt. of Uttarakhand dated 03.01.2011, it was informed that, Govt. of India (GOI) has decided in the meeting of National Ganga Basin Authority held on 01.11.2010 to stop the development work of Pala Maneri Project of the Nigam and to submit the claim of total expenditure incurred on the project to the GOI. GoU vide letter No 795/I/2019-04(8)-86/2003 dated 16-7-2019 has submitted claim to GoI.

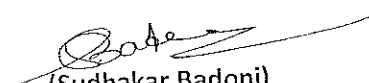

Accordingly, nigam has written off Capital work in progress of Pala Maneri project amounting to Rs.87.41 crore in compliance to the provision of Ind-AS.

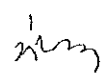

8. Dues to Micro, Small and Medium Enterprises

The Company has not received any intimation from the suppliers regarding status under the Micro, Small and Medium Enterprises Development Act, 2006 and hence disclosures regarding the following have not been provided:

- i. Principal amount remaining unpaid at the end of the year to Micro, Small & Medium enterprise;
- ii. Interest accrued & remaining unpaid at the end of the year to Micro, Small & Medium enterprise for the current year;
- iii. Amount of interest paid during the year along with the payment of principal amount made beyond 15 days or agreed time from the date of delivery / rendering of service;
- iv. Amount of interest carried forward from last accounting year with interest for the current year on such interest.

9. Suspended Projects as per Eco-Sensitive Zone

Ministry of Environment and Forest, Government of India has declared a total area of 4179.59 kilometers as an Eco-Sensitive Zone (ESZ) on the river Bhagirathi and all its tributaries from Gaumukh to Uttarkashi and prohibited setting up of new hydro electric power plants except micro and mini hydel power projects. In consequence to the said notification, five projects of UJVNL namely Kaldigad, Asi-Ganga I, Asi-Ganga II, Assiganga-III and Limchagad are suspended as on date. During the year, the company has written off the Balance of Rs. 48.14 crore (Total amount Rs. 58.45 crore less grant of Rs. 10.31 crore received against the projects) has been charged to profit and loss a/c as exceptional item.

10. The balances of suppliers, Contractors, Government Departments etc. under the Current Assets, Loans and Advances and Current Liabilities are subject to confirmation and reconciliation.
11. Previous year's figures have been regrouped, re-casted/ readjusted wherever necessary.
